

Byblos Bank Opens its 78th Branch in Dbayeh

Byblos Bank Dbayeh Branch, 23 October 2014: In line with its plan to expand locally and enhance its branch network across Lebanon, Byblos Bank inaugurated on Thursday, 23 October 2014, a new branch in Dbayeh, in the presence of its Chairman and General Manager, Dr. François S. Bassil, prominent economic, social, and political figures, as well as media representatives.

The new Dbayeh branch is located on the main Metn coastal highway, close to the area's major business centers and residential complexes. It offers a modern space providing convenience and fully fledged banking services and products for institutional and individual clients.

Dr. François S. Bassil, speaking on the occasion, said: "We look with pride to the levels of prosperity we see in Dbayeh, be it in the construction, commercial or industrial field, and we highly appreciate the ambition and economic dynamism of its people. We know for a fact that our banking expertise will have its added value in their journey for more growth and development. Therefore, we place at their disposal a new and modern branch, stacked with the needed skilled personnel and supported by the Bank's central administration, so that we provide them with financing facilities, support their investment projects and insure they have all financial resources for their plans."

With this new expansion, the number of Byblos Bank's branches increases to a total of 78, covering almost every corner of the country and constituting one of the largest branch network in Lebanon. As with other branches, Byblos Bank's Dbayeh branch welcomes clients from Monday to Friday, from 8:00 AM till 5:30 PM, and on Saturdays, from 8:00 AM to 1:00 PM.
